## BSBMED301 INTERPRET AND APPLY MEDICAL TERMINOLOGY APPROPRIATELY

# About the Australian College of Weight Management

The Australian College of Weight Management is committed to providing quality education and the most up to date research in the Weight Management Industry. We have a strong network of recognised academic and industry professionals across the country who we work with to create a more united voice for obesity prevention and weight management.

Our education philosophy extends beyond our courses and qualifications with free monthly webinars and research updates via email. The ever-changing landscape of the Weight Management Industry is such that it can be difficult to keep up to date with new research, findings and papers; it is our goal to create a 'hub' where our students and graduates can network, learn and engage in a supportive environment.

# Weighing up the risks

Let us take care of the  
detail while you focus on  
your business wellbeing

When it comes to professional insurance, look for a trusted partner who gives you all the facts. Weight management professionals face unique risks where an 'off the shelf' product just isn't a good fit.

## That's where we come in

Exclusively endorsed by the Global Weight Management Federation, Arthur J. Gallagher is your local insurance partner. Our comprehensive range of tailored insurance products and solutions have been designed to meet the specific needs for weight management professionals.

### Cover includes:

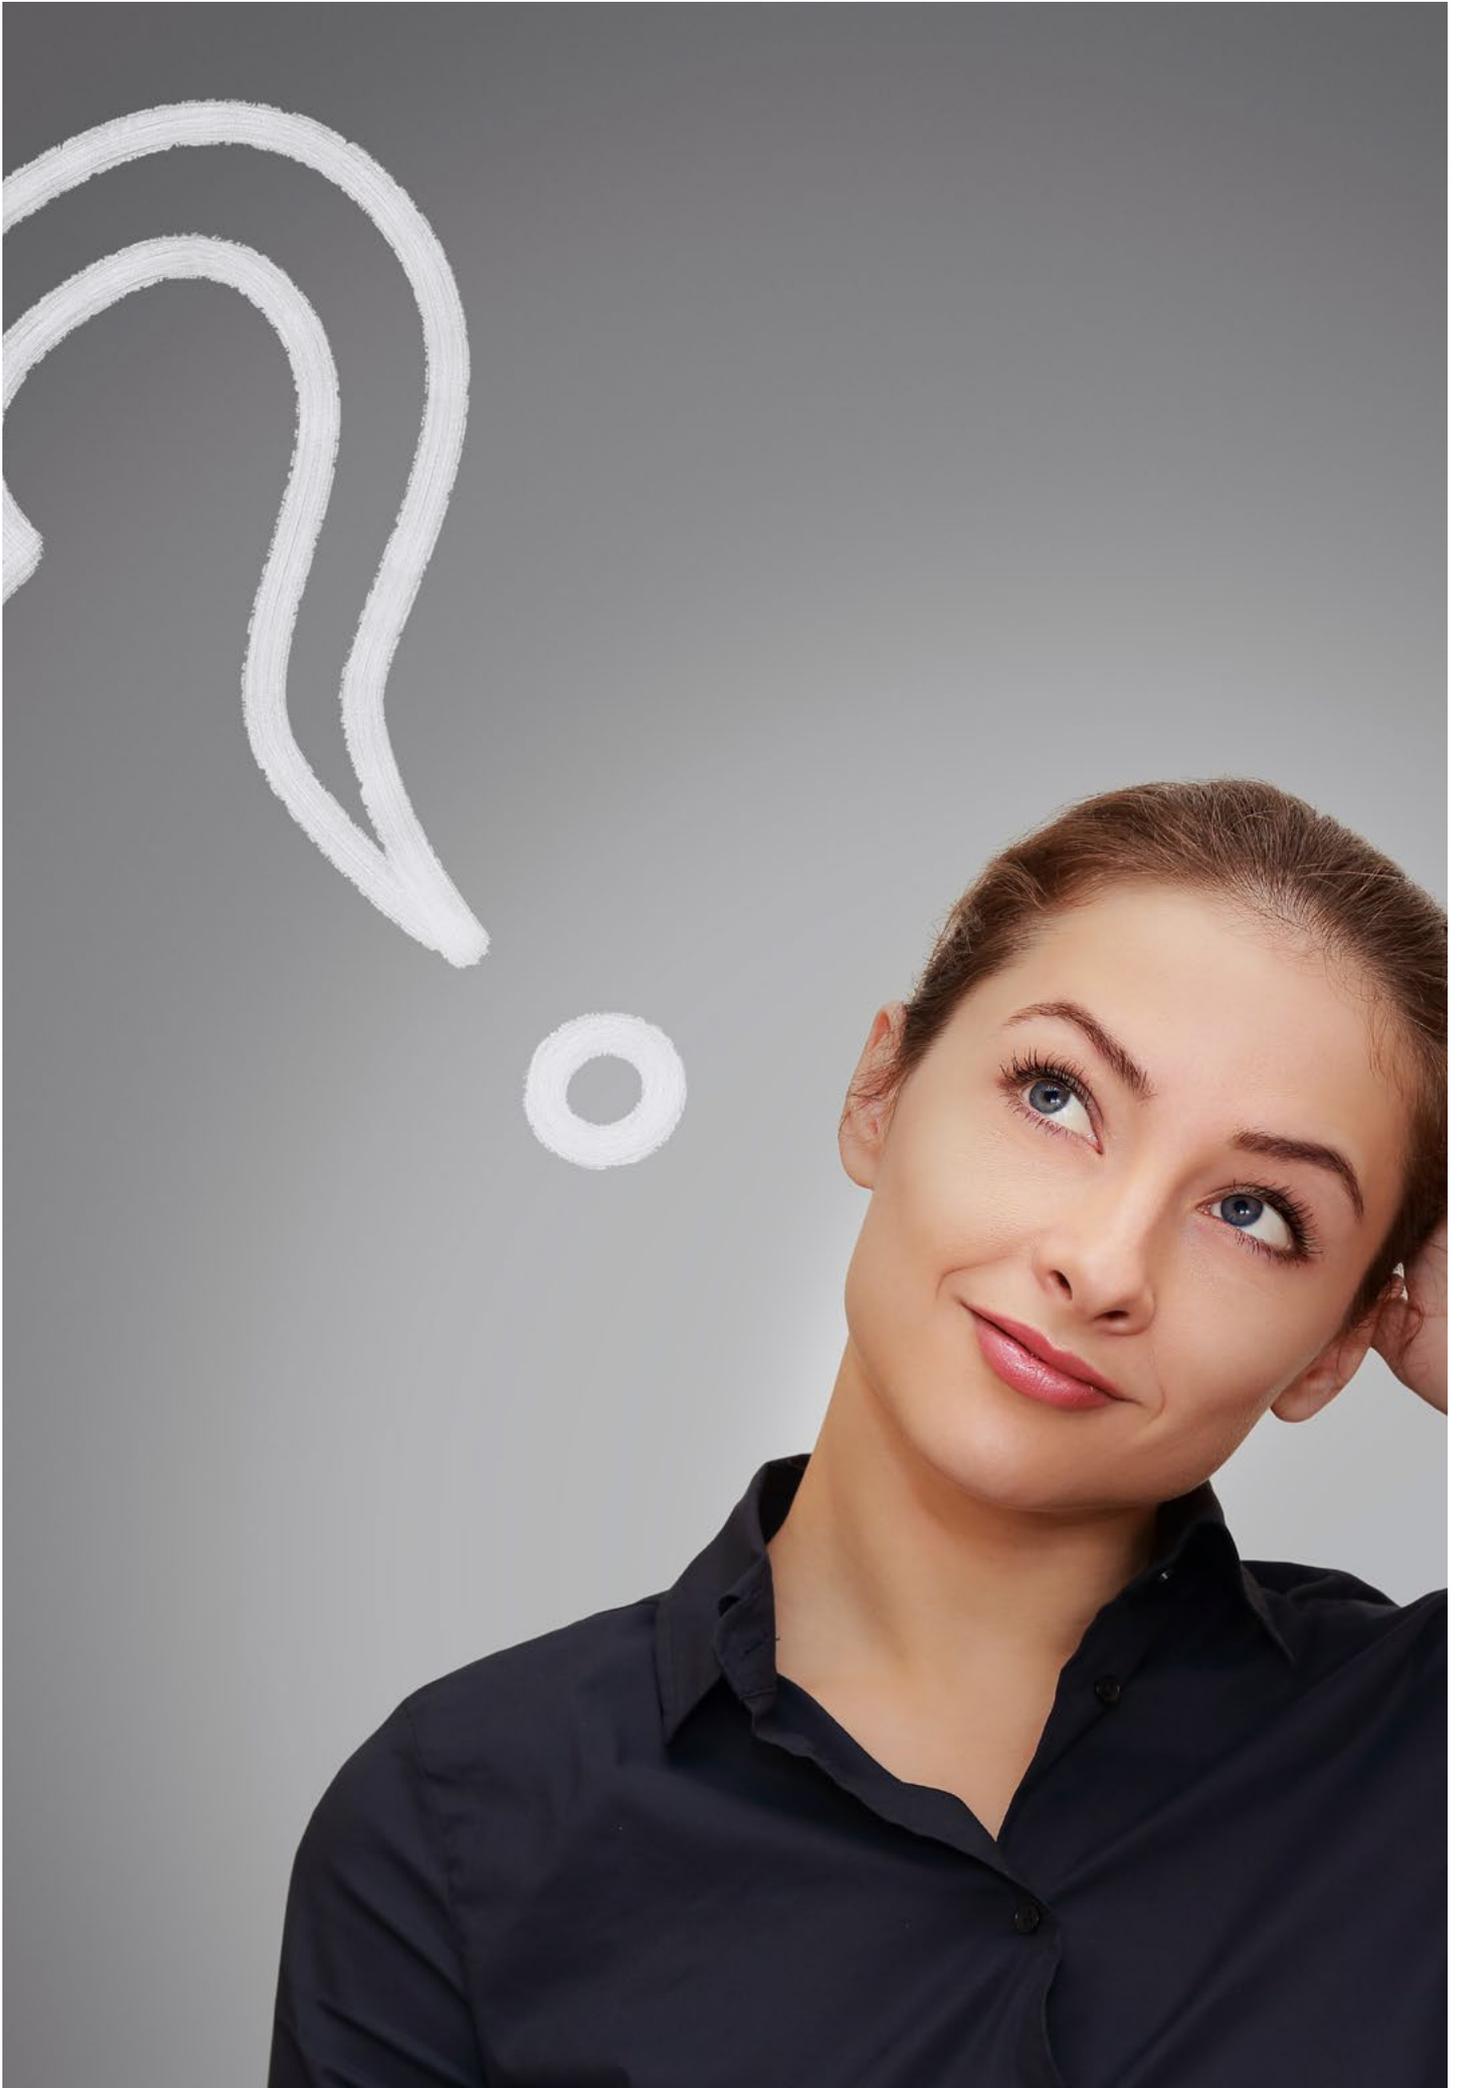

- Comprehensive weight management consulting cover
- Tailored, cost effective medical malpractice and public liability premiums
- Medical malpractice, public and product liability for professional duty and services
